Wednesday, August 14, 2024

**In partnership with the
Massachusetts Nursery and Landscaping Association
Foundation for Educational Excellence**

Welcome to the 33rd Anniversary Benefit Tournament. This event has been organized to raise money for both the MFGA and MNLA Scholarship Funds. Your generous support is greatly appreciated by both organizations.

Scramble Rules for the Tournament

1. All players will tee off.
2. Each team then decides which members' ball is the best shot, then all other players retrieve their balls and play from the best ball position. Preferred lies will be allowed but within one club length of the best ball position.
3. Play continues this way until the ball is holed.
4. Additional rules:
 - Tees will be off the blue markers, women will be off the red markers.
 - Men 70 years of age are allowed to move to the green tees unless you can drive the ball 200 yards.
 - Each team member must use their tee shot as the selected best ball at least two times (please indicate that on the scorecard).
 - The team must pick up the ball and move to the next hold if they reach double par.
5. **Mulligans will be sold for \$5 each** with a maximum of two per player. Therefore, they cannot be used more than twice by any team member. Please indicate the use of mulligans on the scorecard by each player.

MFGA and MNLA Scholarships

MFGA and MNLA provides scholarships to individuals who are pursuing an education in horticulture.

Proceeds from this tournament help fund both the MFGA and MNLA Foundation Scholarship Programs. Currently, MFGA has two students enrolled in college degree programs in horticulture at UMass. Each receives \$1,000 per year for up to four years if they continue in a horticultural degree program. The MNLA Foundation is currently supporting one student in horticulture.

The monies raised from this tournament help to fund these scholarships and other promotional programs to promote our industry.
